

Don't Blink! Too late...The Weeping Angel Coin got you!

You have been sent back in time to the years 1856, 1857 or 1858! Now, as a companion of the DOCTOR (Director of Coins Tokens Obverse Reverse), you must help me find you! You must solve the clues so I can travel back in time to bring you back to the present.

Since you are lost in 1850's, you must blend in! What do you have with you? No ball points pens! Luckily you have a pencil I gave you before entering the Tardis. Ball point pens did not exist in the 1850's. How about money? Do you have any? Don't show anyone! They might think you are a counterfeiter and throw you in jail!

To help me find you, you must complete the following and leave it in a time capsule that I will find in present:

1. Fill in the Presidential Coin Board holder with the Presidential Coins issued from 2007 to 2011! If you find any coins from 2012 to 2016, fill them in! It will help me find you!
2. Identify the coins that are in circulation in the 1850's! You may print out pictures and make a presentation board, or you can draw them or find real coins and display them. Also, compare the sizes to coins you can find in the years of the 2000's.
- 2a. Optional: Bring in any item appropriate for that time period: Clothing, tool, jewelry, etc.

Ages: <9 years old

3. Identify 3 historical events that happened in the 1850's. In Pencil (or other 1850's writing implement), list them with dates and locations.

Ages: ≥ 9 years old

3. Identify 3 historical events that happened in the 1850's. In pencil(or other 1850's writing implement), list them with dates and locations.
4. Pick one historic event that happened in the 1850's that you would like to witness. Explain why you would want to observe or participate in the event. (Presidential election/address, civil movement, economic interest, daily life, etc.) Or how would you live as child in that time...what would you do...

If you are saved and returned to the present, you will receive a prize from that era! Good Luck, the Doctor.....
