

# April 2014 YN eLetter

Howdy YNs :

Welcome to your Worcester County Numismatic Society (WCNS) Youth Club April E-Mail. We will be meeting at 6:15 p.m. on Friday April 11, 2014.

FIELD TRIP: Post phoned: Why? Because lack of interest: only one YN responded. I am planning on rescheduling the field trip for October! This helps us out because we need more time living in 1982!

We had a good turnout last month: 9 YNs and 5 adults participated. Also, we went back to 1982! Did you know that there was 7 different cents issued by the U.S. Mint for circulation? The big difference for 1982 is the switch from using copper pennies to a copper coated zinc penny to save \$money\$!

So, how can we tell the difference and What did we make last week? The answer is weight and penny scales! **Bring to the meeting your PENNY SCALES as we will be using them to separate the copper and zinc cents!**

\*Also: Jeff S., member of the ANA and WCNS, gave to our YNs applications for a FREE 6-month membership to the ANA (American Numismatic Association). Those who filled out the form at our meeting had their application submitted and some YNs have already received their membership and E-mails. Please see me if you did not get an application.\*

We will have Show and Tell. Remember for show and tell, bring in ONE coin, set, or currency you would like to share with the club. It is O.K. if you do not have anything, want to show the same thing over and over, or forget to bring something.

This week's link of numismatic interest is "The Lincoln Cent Resource" at the web site: <http://www.lincolncentresource.com/smalldates/1982.html> There you will find some information about the 1982 Cent and a great amount of information about the Lincoln Cent!

Always beware on the computer before signing up for any information, emails, or websites. Remember to have your parents help you navigate through web sites, as many have links that will direct you away from this site if clicked.

Here is a picture of a 1982 cent, Is it Copper or Zinc (copper coated)?:
